Please provide a short bio

Toure' Carter graduated from college and holds knowledge from his grandfather's generational truck driving business that is in concert with the new age of business in modern culture. Toure' drove his grandfather's small dump truck in efforts to continue with the family business of over 15 years. Toure is honing in on what it takes to be a successful business, great teammate, and how to create a winning culture that represents a high level of integrity, loyalty, hard work, and faith.

"We have a blue-collar mentality, we promote grit, ethical integrity, and other values that produce the fruit of production and satisfaction through our business. We go above and beyond to serve the construction industry, contractors, and the communities we interface."

~Toure' Carter

Do you offer a Product or Service

Service

Please provide a description of your business

We started our initial business last year June 2019. We was ready to officially launch and purchase our new truck 2 weeks before the pandemic plagued us. We made adjustments and started our drive away business. As soon as we started that business in late April we received our first contract with the San Jose Water Company for our dump truck services. We have now completed two jobs for San Jose Water Company and we welcomed our first drive away sale this past August.

Our company fleet of double and tri-axle dump services are ready to meet your needs. We keep our equipment well maintained for optimal capacity and reliability. We are compliant with the laws and regulations of the (dump & water) trucking industry required by the state of California (DOT#3430162). TMCarter Company employs experienced and qualified drivers with a valid CDL license that practices safety first.

We serve with our client's overall best interest which always comes first, and everything we do will be guided by our values and professional ethics. We ensure to maintain a high standard, organized structures, and processes in place that enable us to meet and surpass our business goals and stay

competitive in the industry.

We owned two businesses:

Next Generation Drive away (www.nxtgendriveaway.com)

Our service is a drive away service when our professional driver's operates another client's vehicle to transport its physical presence to and from a destination. We pick-up and deliver your vehicle to and from anywhere in the country.

TMCarter Company (www.tmcartercompany.com)

We provide medium to heavy-duty dump truck hauling to and from anywhere in the state of California. It can be a small job or a big job, there is no job is too small or too tall; that we flat out can't haul.

We are DBE, ME, MSBE and SB certified
